ALLIES ROLLING BACK GERMANS

Push Wedge Through Invaders Thirteen Miles North of Lille.

ADVANTAGE GAINED.

British, French and Belgians Now in Position to Envelop Enemy's Right Flank in Next Few Days.

Paris, Oct., 22—The allies are rolling back the German line.

They have pushed a wedge through the invading forces thriteen miles north of Lille and, for the first time since the series of battles in the north commenced, they have pushed their forces east of Lille.

The advantage gained is slight, only two miles, but it is declared at military headquarters, it is extremely important.

The allies are now in a position to envelop the German right and it is confidently expected that they will be able to do so within the next week or ten days.

Officials at General Gallient's headquarters, who are in touch with the situation, declared that the Germans have lost the chief move in the strategical maneuvering by their failure to maintain the perpendicular line extending from Lille to the coast near Ostend.

They declare that the center of the German right flank has been pierced and that it is only a question of a short time when the German headquarters at Lille must move.

In a distance of only forty-five miles three separate and distinct battles of extreme violence are in progress.

JUDGES WANT MORE PAY.

Richmond Jurists Complain of High Cost of Living.

Richmond, Va., Oct. 22.—The judges of the five Richmond courts have sent a joint letter to the Council Finance Committee asking for an increase in salary of $500 per annum each. The judges are Judge David C. Richardson, of the Hustings Court; Judge Ernest H. Wells, of Hustings Court, Part II; Judge William A. Moncure, of Chancery Court; Judge Beverley T. Crump, of the Law and Equity Court, and Judge R. Carter Scott, of the City Circuit Court.

It is pointed out that the present cost of living and the enlargement of territorial jurisdiction which will become effective when the annexation decree become operative, November 5, are the foundations for the increase asked. The judges are now paid $4,500 annually, while the administrative officers of the city's government receive $5,000.

The increase asked for is to be effective at the beginning of the new term of office in each court.

BRING DOWN AIRSHIPS.

British Fleet Attacked by Submarines Kill 1,500 Germans.

London, Oct. 22—British warships have shelled German trenches on the Belgian coast, killed 1,500 Germans and brought down two airships, a Zeppelin and a Tauble, according to dispatches from Dover.

It is said that last Saturday night the British seamen watched the Germans digging trenches under the flare of great lights. From the lights they got the exact range, and, in the early morning began a furious bombardment.

Sunday a Zeppelin soared up from the German position and the British gunners opened fire on it. It fell.

Monday a Taube airship, evidently trying to locate the position of the British fleet, was destroyed.

According to the Dover dispatches the British fleet was attacked by three German submarines, making the first air, sea, below-water fight on at the same time.

Besides the 1,500 killed in the trenches the dispatches report that six German batteries were put out of action.

NEWS OF THE DAY

Two men were killed, a woman was hurt, probably fatally, and four men injured yesterday when their automobile crashed into a steel trolley pole in South Chicago.

The German Col. Weber Pasha, has taken over the command of the Dardanelles forts, and big German guns are being mounted in them. All the fortifications of the Bosphorus have been overhauled, and a large number of mines have been laid down on the coasts of Asia Minor, especially in and around Smyra. Smyrna has been fortified, and to the north of Smyrna intrenchments have been constructed to repel any possible attack by land.

The fight for legislation for the relief of the cotton situation in the South collapsed in the House yesterday, and the leaders in the movement have practically abandoned hope of any aid from Congress along the line recommended by the Henry bill, which provided for the deposit of $250,000,000 in government funds in Southern banks to be loaned to cotton producers. Representative Henry of Texas, author of the proposition, after a month's campaign, succeeded in forcing the question to a vote, which resulted 123 to 91 in favor of rejection.

Declaring that "the Sunday school is the most important business in the world," and should be run like other businesses," the Rev. C. W. Whitmore, vicar of St. Agnes' Washington, spoke yesterday afternoon at the convention of the Sunday School Institute, of the diocese of Washington, at the Church of the Epiphany. Dr. Whitmore spoke of proper division of duties in the school, the improved forms of bookkeeping, the "publicity" campaign which would add to its membership. Among other things he said that "the children should not be allowed to attend Sunday school and then slip out before the time for the regular service.

After a two-hour discussion in Washington yesterday, directors and governors of the twelve Federal reserve banks refused by two votes to support the proposal of Secretary McAdoo to open the banking system for business November 16. By a vote of 37 to 35 they recommended that the opening be set for November 30. This action has no binding effect upon the Federal reserve board or upon Mr McAdoo, for the currency act gives the Secretary authority to open the banks when he believes they are ready to do business.

ASSASSINATED BY HINDU

Canadian Government Immigration Inspector Had Prevented The Landing Of Asiatics.

Vancouver, B. C. Oct. 22—William C. Hopkinson, Canadian Government Immigration Inspector, was shot and killed in the Vancouver Courthouse yesterday by Mewa Singh a Hindu. The assassin was arrested.

Hopkinson was active in preventing the landing some months ago of several hundred Hindus who arrived here on the Japanese steamship Komagata Maru. He was chief assistant to Malcolm Reid in the Dominion Immigration Inspection Service in Vancouver.

Hopkinson was standing in the main corridor near the witness room when a party of nine Hindus passed by. The inspector was accosted by Wewa Singh, who fired at him. Hopkinson tried to grapple with Mewa at the first shot, but a second bullet brought him to his knees. He fell to the floor and three other shots were fired into his body.

The inspector's life had been threatened before. He was at one time connected with the Police Department in Calcutta and he spoke the Hindu dialects like a native.

BRITISH GUNS TURNED ON OSTEND

Warships and Monitors Brought Into Requisition Against City.

DRIVE OUT GERMANS

Aerial Scouts Find Position of Enemy —Invaders Move Inland to Escape Fire of Naval Vessels.

London, Oct., 22—Ostend bombardment by British warships and monitors has forced the Germans to reliquish the slight hold they held on the Belgian channel coast, according to unofficial word here.

There is no official confirmation as yet of the reported evacuation by the Germans of Ostend, but such a move would not be surprising here.

The British fleet has its guns constantly trained on the coast. Aeroplanes hover over the shore seeking out the enemy and sending the range back to the ships. Naval landing forces have rendered splendid aid to the allied armies, particularly around Nieuport.

It is believed here the Germans for the present will mass their forces slightly inland to avoid the devastating fire from warships in the channel.

A Central News dispatch from Folkestone says that wounded Belgian soldiers arriving there from Calais state that the Germans have been driven out of Ostend.

The admiralty announces that the monitors Severn Commander Eric Fullerton; Humber, Commander Arthur Snagge, and Mersey, Lieut. Commander Robert Wilson, which recently were purchased from Brazil, have been engaged in these operations. In addition detachments with machine guns have been landed from these vessels to assist in the defense of Nieuport, where they performed meritorious service.

The monitors are ideal for such coast work. They draw only about eight feet of water and carry several 6 inch guns and several 4 inch howitzers apiece. With these guns, when given the range and position of the enemy by aerial scouts, they can throw shells over eight miles inland.

BOYS IN SUICIDE PACT

Played Hookey and Thought To Have Feared Punishment.

Freeland Mich., Oct., 22—Delbert Woodruff and Lloyd Pierce, aged 10 and 12 years are dead as the result of a double attempt at suicide Tuesday night, caused it is believed, by fear of punishment for having played hookey in the afternoon.

The boys failed to appear at their homes for supper and when inquires revealed that they had not been at school, searching parties were organized. For three hours men with lanterns partrolled the nearby woods and river banks.

In the meantime the boys had been seen hurrying back toward their homes and a bystander informed them of the commotion their disappearance had caused. Ten minutes later two shots were heard. The lads were lying side by side in front of the Pierce home. Each had a bullet wound in his forehead and a small revolver clutched in his hand.

They were hurriedly taken to a hospital in Saginaw, but efforts to save their lives failed.

FIGHTING LIKE MAD

Belgian Army in Terrific Open Struggle, Repulses Germans and Drive them Back

From the Battle Front, via Paris, Oct. 22—The Belgian Army, with the English Channel on its extreme wing is showing a marvelous fighting spirit despite its long, hard campaign and grief over the loss of Antwerp and other cities.

In the terrific open struggle which has been in progress along the frontier for several days the Belgians, with the allied French and British have repelled with great energy incessant German attacks.

The German heavy artillery poured a heavy bombardment on the allied positions, but the Belgians, undeterred delivered a counter attack and forced the invaders to retire nearly five miles.

Further down the line on the Lys the French were closely engaged with general success. Three French sharpshooters performed a brilliant feat in defending a bridge, the possession of which was of the greatest strategic importance to both armies. The Germans made a cavalry dash in an effort to seize the passage, but the Frenchmen behind a mill 75 yards away, poured their magazine fire into the Germans until the latter retired, leaving the bridge in the hands of the allies.

Around Lille, where the British are in action, there has been fierce fighting, particularly in the neighborhood of La Bassee, which threatens the German possession of Lille. Street fighting has been very severe between the long lines of houses connecting the sister towns of Roubaix and Tourcoin. In a barber shop one of the German troopers was found in an oven, almost suffocated.

Along the center the artillery action continued yesterday without great change, but several German trenches were captured.

SHOOTS THREE IN ANGER

Husband, Quarreling Over Milk, First Kills His Wife.

Pittsburgh, Oct. 22.—Stephen Licecth, a well to do steel worker of Homestead, yesterday morning shot and killed his wife, fatally wounded his sister-in-law, Mrs. Annie Wargo, and when cornered by an angry crowd and several policemen, turned the smoking weapon on himself and fired one bullet into his abdomen and one into his head. He is expected to die.

The tragedy resulted from a quarrel over two quarts of milk left twice a week by Miss Jessie Barclay, a nurse at the Homestead Hospital. Miss Barclay has been leaving the milk at the Licecth home for some time for Mrs. Licecth, who was suffering from tuberculosis, as were her three children. Licecth did not want his wife to have the milk.

DEFENSE OUTLINES CASE.

Calling of Witnseses to Prove Mrs. Carman's Follows at Once.

Mineola, L. I., Oct. 22.—"We'll prove that a man murdered Mrs. Louise Duryea Bailey."

With these words Attorney Levy, counsel for Mrs. Florence Conklin Carman, today outlined the exact defense he wil make to save the beautiful wife of the Freeport physician from the electric chair. He admitted that he could not give the identity of this man murderer of Dr. Carman's patient, but asserted ability of the defense to prove beyond a doubt that the hand which shot to death through a window in Dr. Carman's office was that of a man.

GERMANS ARE IN FULL RETREAT

Pursued by Siberian Army Corps Which Pushed From Warsaw.

INFLICT GREAT LOSS.

Russians Said to Have Completely Outgeneralled Teutons—Make Attacks on Front and Flank.

Petrograd Oct., 22— It is officially announced today that the Germans are in full retreat all along the battle line lying thirty miles west of Warsaw, pursued by the Siberian army corps which have pushed forward from Warsaw.

The German Twenty-first army corps is reported here to have lost nearly two-thirds of its effective strength in its efforts to cover the retreat of the main German army.

Emperor William reported to have been personally in charge of the operation against Warsaw, coming to the front when reports reached with that his troops had reached within several miles of the outer Warsaw defenses.

The Russians are declared to have completely outgeneraled the Geramns. They retired along the German front by arrangement. At the same time a strong Russian force was sent northwest from Warsaw and apparently the Germans had no knowledge of their presence.

When the selected battlefield was reached the Russians made a determined stand, and attacked the enemy both from the front and flank. The Germans fought desperately, but were trapped and lost an enormous number of their men in extricating themselves from their untenable position.

The fighting was of the most desperate character. Village after village was taken and retaken, but eventually the weight of numbers told, and the Germans were driven back in disorder, the Russians capturing a large number of cannon and a number of battle standards.

BERLIN REPORTED ANXIOUS.

Military Expert Expects Decision Rather in the East

Copenhagen, via London, Oct. 22.—The military correspondent of the Berliner Tageblatt hints that there is a certain amount of anxiety about the situation manifesting itself in Germany. He explains however, that a decision is prone to come "Like a thief in the night" and that it will more probably be on the East front rather than in the west.

"While fresh masses of troops can be brought without hindrance over seas," he says "They constitute an awkard adversary. Although the unity of their handling—if they invaded Germany—is to be doubted, Germany has still a somewhat hard task, which must not be forgotten in waiting for the decision."

Chancellor Bethmann-Hollweg, according to the Tageblatt, is being attacked in certain influential circles as responsible for the war.

IMPORTANT TO SCHOOL TRUSTEES

Order Entered Restraining Use of Funds For Automobile.

INJUNCTION ISSUED.

Judge Scott Declares Members of School Boards Can Be Held Personally Responsible.

Richmond, Oct., 22—Judge R. Carter Scott yesterday granted a permanent injunction restraining the treasurer of Henrico County from honoring drafts made on him by the school trustees for the further upkeep of an automobile purchased for the County Superintendent of Schools or for the rental of offices in the Chamber of Commerce Building.

The injunction was granted in the Henrico County Circuit Court on a petition entered by R. A. Smith and other citizens of the county who protested against the use of the school funds for this purpose. Judge Scott intimated that he thought the school board had exceeded its authority in authorizing the expenditure of the school funds for these purposes and that the individual members of the board might be held personally responsible for the money thus expended.

Judge Scott indicated his opinion that the school board funds were for the sole purpose of paying teachers' salaries, and that the members of the school board might be held individually responsible for money otherwise expended. The court took no official cognizace of this detail during the proceedings yesterday, but intimated that further court proceedings might be brought.

Attorney Julien Gunn, who represented the petitioners, read to the court an attested list of the expenditures made by the school board, and characterized them as being a wanton waste of the school funds. This list showed that, besides the money spent for the automobile and its upkeep and the establishment of offices in the Chamber of Commerce Building, the board had paid expenses incurred by the superintendent in attending a convention at St. Paul, Minn., last summer, and also of a trip to Fredericksburg, They embraced the expenditures made from October, 1913 to June, 1914 and showed a total of $1,973.41.

Each of these expenditures had been paid through drafts drawn on the county treasurer by the superintendent and taken out of the State and county levies. It was also alleged by the petitioners that these drafts had been drawn before the school board had acted upon the expenditure which they covered. The ratification of the course taken by the superintendent, it was charged, is a direct violation of the rules of the petitioners, these rules specifically state that the school trustees shall meet and appropriate the money before it can be spent by the superintendent.

No official announcement was made last night as to who would be held responsible for the money spent for the purpose protested against by the petitioners but it was intimated that proceedings would be brought against the individual members of the school board for the recovery of the money which they authorized expended "for purpose other than the payment of teachers' salaries."

SILVER CUP AWARDED

Holy Name Society Band is Given an Ovation at Moose Carnival Last Night.

The silver loving cup awarded by the Loyal Order of Moose at their carnival and bazaar now in progress at the Richmond Theatre Auditorium, for the most successful amateur band in the city of Alexandria, was won last night by the Holy Name Band of this city.

The band arrived at the hall about 8:30, failing to see any competitors. Several selections were given both outside and inside of the hall.

The following is the programe rendered in the hall.

"Our Director," Bigelow.
"Color Guards," Schumann.
"Flagship Connecticut," Schumann.
"Salute to Kansas City," Southwell, and several encores.

The many friends of the band turned out in large numbers to greet the young musicians in their first attempt to win a trophy.

The contest was open to all amateur bands of this city, out of the three only one put in their appearance. This, however, did not affect these young people who were out to fight for their honors, and who so gallantly returned in victory. "It is" as stated by the director, in receiving the trophy "a battle fought without an enemy," but there is always some honor attached to this kind of a battle.

After the programme and several encores, Mr. W. L. Rammel on behalf of the Loyal Order of Moose, presented to the director, Mr. Edward Van Loock, the silver loving cup. Professor Van Loock accepted the token with a few remarks, which were well received.

After the award of the cup the band re-appeared on the streets, midst the glare of red torches, lead by a delegation of young ladies, the real boosters of the band.

Little Edward Gorman, son of Dr. E. A. Gorman, carried the trophy. A number of male boosters acted as the rear guard.

The members of the successful band are:—Mr. Jacques L. Van Poucke, of the United States Marine Band, now on a tour, director; Mr. Edward Van Loock, also of the same band, acting director; Clarence Monroe, drum major. and the following musicians:—S. A. Breen, H. J. Nugent, George Keegan, Harold Quigley, James Dwyer, W. A. Quinn, Wilton Arrington, Thomas Priest, C. R. Hellmuth, P. F. Gorman, Jr., George Dobson, Littleton Page, Bernard De Vaughan, Purvis Downham, and Edward Gorman.

TO SPEAK TO YOUNG MEN

"A Hebrew Hero" Will Be The Subject of Evangelist Starke's Discourse Tonight.

A crowd that completely filled the auditorium assembled last night at the M. E. Church South to hear Mr. Starke's talk on, "Have a Look." This proved to be another interesting and practical discourse.

The church is packed every night, and enthusiasm is manifest.

One old member of this city said last night: "This fellow Starke came to us about two weeks ago and found cold, indifferent churches. He took hold of them, squirted tobasco into the officers, and now we are beginning to have a warm time in the churches."

Mr. Starke is a master of invective and his denunciations are scathing.

Tonight the evangelist is to make a special address to young men, taking for his subject, "A Hebrew Hero."

On Saturday night Mr. Starke has promised to make a special talk to railroad men, and his subject is to be "The Old Gospel Train."

A pleasing feature of these meetings is the singing. The choir, under the direction of Mr. Henry K. Field, is doing fine work, and the solos last night by Miss Field, and Mrs. Dr. Outcault, were well rendered.

There is to be a service of song on the street in front of the church tonight at 7:15, led by Mr. Pierpoint, of Trinity Church.

COLORED REPUBLICANS.

The colored republicans of the Eighth congressional district will meet at Douglas' barber shop, 224 north Payne street, tonight at 8 o'clock in order to decide whom they will support in the coming congressional election. All negro voters are urged to attend.

ARMLESS AUTOIST

Frank E. Fithen, of Steubenville, Ohio, who lost both both of his arms in a railroad accident, was in the city today. He stopped his car on King street, between Royal and Fairfax, and a crowd soon gathered around him. Since his misfortune Fithen has accomplished a number of difficult tasks, such as writing, dressing and undressing himself, swimming, and bicycle and unicycle trick performances. He now operates all automobiles in which he says he has made as high as 58 miles an hour.

AGREEMENT REACHED.

Conference Committee of Senate and House Prepare War Revenue Bill.

An agreement in Conference Committee of the Senate and House on the war revenue bill was reached yesterday afternoon. As a result, the beer tax will remain at $1.50 a barrel, as the House fixed it, and the proposed tax of five cents a gallon on rectified spirits has been knocked out and there will be no tax on gasoline. The House conferees won as to the beer tax, and the proposed tax on rectified spirits. The Senate conferees scored as to gasoline. The House had voted to tax gasoline and the Senate knocked it out. In nearly every other instance the Senate conferees had their way and retained their amendments in the bill.

The proposed wine tax, as the Senate wrote it, after much delay and conferences between the California wine producers and the Ohio wine growers, whose interest conflicted, remains in the bill. The tax on bank capital and surplus will be $1 for each $1,000 of capital, surplus, and undivided profits, instead of $2, as the House had fixed it. The Senate amendments fixing a higher tax on manufacturers of tobacco, graduated according to production and increasing as production increases, was retained in the bill with a very unimportant amendment.

Brokers will pay a tax of $30 annually. This was a partial victory for the House, which imposed a tax of $50 on brokers, which the Senate struck out.

NOTICE

Notice to State Taxpayers—I am now prepared to receive the state taxes for the year of 1914. The attention of taxpayers is respectfully called to the importance on paying the same prior to December 1, 1914, as on that date a penalty of five per cent will be added to all unpaid bills and their collection enforced as required by law.

A LARGE CONTRACT.

What Leadbeater & Sons Wants Every Person in Alexandria to do.

When Leadbeater & Sons the enterprising druggists first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, they thought it probable from their experience with other medicines for these diseases, that they would have a good many packages returned. But although they have sold hundreds of bottles, not one has been brought back.

To those suffering with dizziness headache poor indigestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

WOULD RESTORE BOOKS.

Clarence H. Lobbell Writes to Governor Stuart of Interesting Volumes.

Richmond, Oct. 22—Clarence H. Lobdell a citizen of Newark, N. J., has in his possession a copy of Pierre's "Studies of Nature," which he desires to present to some member of the Lee family in Virginia. Its chief interest lies in the fact that the book carries on a flyleaf the autograph of "Charles Lambert Lee." The volume was published in 1797, which gives it added value as a specimen from a library of Colonial days in the Old Dominion.

Writing to Governor Stuart, Mr. Lobdell says:

"I have in my possession six volumes in excellent condition, of St. Pierre's 'Studies of Nature,' published in 1797, which bear the autograph of 'Charles Lambert Lee' and his coat of arms, with the indorsement 'New College, Oxford.'

"I imagine that they are quite valuable, and that they ought to be in the possession of a direct descendant of Charles Launcelot Lee or the library of the State of Virginia.

"I want to present them to the one that best deserves them, and write to you to ask if you will help me to go about it in the best way."

Governor Stuart will consult members of the Lee family before communicating with Mr. Lobdell, whose generous tender of the interesting possession will, no doubt, be accepted.

At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now seven years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly."

MOUNTAIN FEUD REVIVED.

Member of One Faction Empties Shotgun at Enemies.

Harrisonburg, Va., Oct. 22.—News of a desperate fight in a mountain feud in north Rockingham county has reached here. The old Ritchie-Roadcap feud, which originated in the killing of Phillip Ritchie seven years ago by Charles Roadcap, has been revived.

David Ritchie fired a double-barreled shotgun Monday at Wesley and Charles Roadcap. Wesley was hit by 28 shot. Charles also was injured. Ritchie then held 11 men at bay, threatening to kill the officers. Later he was arrested and brought to the Harrisonburg jail. It is said that Ritchie went to a sawmill and opened fire on the men without warning.

ALLEGED PROFANITY IN ALEXANDRA.

About three score years ago Dan Rice, a famous circus clown of those days, during one of his periodical visits to Alexandria appeared in the ring with a silver medal which he said he desired to present to some boy of the city. The circusman said he had traveled all over the United States, but had never encountered such mischievous youths as he found here. The younger generation who were under the tent at the time were abashed at Rice's charge, and no one had the nerve to enter the ring and receive the medal.

About that time a young Alexandrian had his brains beaten out by a circusman, who wielded a single-tree, on the southeast corner of Queen and Columbus streets. It was the wont of certain youngsters to remain on the ground and annoy showmen while they were engaged in lowering their tents and packing up after a performance. They were engaged in their pranks at the time and one of the number lost his life. This sad occurrence was a lesson to that generation.

Evangelist Starke, who is conducting revival services in the Methodist Episcopal Church South, said last night that he has heard more unseemly language in this city than any place he has visited during his tour of the country.

Many otherwise good people use unnecessary words in their conversation, especially senseless expletives, and the above observation should prove a hint to such. There is an organization in this city the main object of which is to set an example by the use of proper language, especially avoiding the use of any word which can in any way be placed in the profanity column. Their object is commendable, and all addicted to unseemly talk might profit from them.

PROGRESS OF THE WAR.

Today's dispatches from Europe show no material change in the war zone. Germany and the allies seem to be determined as ever, and there are no pacific signs in the sky. Intelligence from the front show the same seasaw tactics that have been evidence for weeks, neither side making any material progress. There is decided optimism among the allies, and people of the British and French capitals feel more assurance, during the past few days.

According to correspondent of the official paper of Berlin, there is anxiety in Germany, and the most significant statement is that the people are looking about for some one upon whom to lay the blame of the present war. They are also apprehensive that an invasion of the Fatherland is possible.

Little Belgium, upon which the Kaiser looked with contempt when he started to invade France, has, like the traditional worm, turned and shown remarkable martial powers.

Operations in East Prussia are far from satisfactory to the Germans. The Russians continue to claim victories, and the last dispatches represent the Austrians and Germans in retreat before the Czar's army.

A minister of one of the warring nations who is stationed in a neutral capital said recently that the war would be over in three months. Others, however, equally well posted, believe it will continue for a year and possibly two.

While the terrible devastation is going on other nations are restive, and no one would be astonished to hear of Turkey and Italy entering the ring at any time.

OCTOBER'S CALLING

I'm thinking of the wood-path where
today I'd love to be,
A road that's winding dreamward, a
road to Arcady,
A path that I have followed with my
sweetheart by my side,
When the first frost of the autumn
called October for his bride.

A fine old shady wood-path where the
sunlight flitered down
Through the over-hanging branches,
far from noise and strife of town,
And I'd repeat the story, ever new,
yet often told,
When the first frost of the autumn
turns the leaves to brown and
gold.

When Miss October's calling it is very
hard to stay,
And I'm longing for that wood-path
where I'd love to be today
A-strolling with my sweetheart
through the wood-land's fairy
scene,
When the first frost of the autumn
waves his wand o'er Summer's
green.

TURPINITE A MYTH.

French War Minister Says His Countrymen Use Common Ordnance.

Paris Oct. 22—"Turpinite, 'the world's worst explosive,' 'France's death-dealing secret,' is a myth" said His Excellency Mons Millerand, the French Minister of War. The minister continuing said, "Mons Turpin, the inventor of melinite and lyddite, did invent turpinite in 1912. He and his assistants are said to have worked under lock and key in a factory near Paris, where they assembled the parts of turpinite bombs manufactured in different workshops. This is possible. It is claimed that the death-dealing fumes generated by the explosion of a 56-puond shell paralyze certain organs of the body and cause instantaneous and painless death to every living thing within a radius of four hundred square yards.

"Whole regiments of German infantry are said to have been found petrified by this lethal gas, still standing in their trenches, dead hands grasping their rifles, glazed eyes still at the sights. Were these claims true the appalling new explosive would be the most awful engine of destruction ever known to man, a hail of hell capable of instantly exterminating the people of a city."

It is claimed that the bomb of last resort calls for a gun of difficult and peculiar pattern. That is true. I have seen the gun. It is asserted that Mons. Turpin handed the deadly bomb to the government on the eve of war. That is true. Also, that the War Office inaugurated experiments Again, true.

"Within a sheepfold of 400 yard square a flock of sheep were assembled. From a safe distance certain tacticians followed the explosion of annihilating bombs. Some minutes later the investigators reached the sheepfold. An odor of methylates spirit mingled with menthol was still discernable. But the sheep were quite as before, only, perhaps, a little more gay.

"It is said that the German general staff anticipated that turpinite the unseen death, would be used in extremity to repulse the storming of Paris. I have even heard that the Kaiser would pay millions for France's great military secret. These tales, like the power of turpinite, are pure fable. Frenchmen fight with bullet, bayonet or with Maxim guns, not with an invisible avenger."

A Cettinje dispatch says that the British and French war fleets in the Adriatic have destroyed Castelnuovo fortress, just outside of the gulf of Cattaro and north of the entrance. The Austrian fleet is reported to have taken refuge in the gulf of Cattaro, having lost a submarine and a torpedoboat destroyer.

PRICE MAINTENANCE.

Its Necessity to Aid Consumer.

Many big industries engaged in national trade have often in the past done openly what the small concerns in their limited fields have done secretly—varied prices according to the degree of competition at different times and places. Their object has been to secure the highest price to be had, irrespective of whether the buyer was held up or not.

The principle of selling goods at a close margin at one place to meet or to kill competition, and charging a high price, to make up for it, where little or no competition exists, is economically wrong and unfair to the buyer. Every article offered for sale should have a uniform price plainly marked upon it.

Manufacturers will then have to see that the price of their goods is a reasonable one, so they will sell, and at the same time they will provide enough profit to pay the jobber and dealer fairly for handling the goods at a uniform price. This will inspire confidence in the consumer, because he will know the price can not be cut and must, therefore, be a reasonable one to permit the goods to sell. He will buy such goods in preference to a small selling article sold at exaggerated profits.

Everybody will benefit from price maintenance in this way. It will protect the manufacturer who has built up well-known brands, also the newcomer who is seeking to do so. Distributers will be protected in handling it at a fair profit, and they will not be forced, through fear of cut-throat competition, to build up their own private brands at much expense.

When you buy *Certain-teed* you have our real guarantee that it will last at least five years for 1-ply, ten years for 2-ply and fifteen years for 3-ply, and this guarantee is backed by the world's largest roofing mills.

There is a dealer in your city or town who handles *Certain-teed* products. He will be glad to give you information and prices.

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru Ind., was troubled with belching sour stomach and frequent headaches. What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

PRIEST KILLS STATION AGENT

Stabs Man Who Has No Part In A Quarrel Over European War.

Chicago, Oct. 22—The Rev. J. J Mullen, pastor of Holy Rosary Church, stabbed and killed Thomas W. Patterson, the station agent at Hillside, a suburb, Tuesday night after a quarrel in which Patterson had no part.

The priest then stood on the right of way of the Illinois Central railroad, stopped a through train and threatening passengers and the train crew with a knife, boarded it. He was overpowered after a struggle and locked up at Hillside.

According to the housekeeper at Father Mullen's parish house, he left there in the morning in his automobile, taking a friend, Felix Scomini They were going to gather mushrooms, she said.

According to Scomini, the priest and he visited a number of suburban towns, arrived at Hillside early in the afternoon, and stopped in the saloon of Tony Russo. There Scomini said, an argument ensued about the European war, in which his views did not coincide with those of the priest. The argument grew into a quarrel, in which the saloon keeper took a hand and which ended in the ejection of the priest.

Father Mullen then returned to the railway station, where he stabbed Patterson, it is alleged.

Scominis statement was corrobrated by Robert Patterson, son of the murdered man, who talked with the priest after his arrest.

Father Mullen has been pastor of Holy Rosary Church for 12 years, ever since his arrival here from Rome

Father Mullen was ordered held in the county jail pending a continuance of the coroner's inquest to November 5. It is supposed he is insane Seliz Scomini at the opening today of the inquest over Patterson testified that Father Mullen had acted in a frenzied manner in a restaurant just before the fatal quarrel, throwing glasses and bottles around the room and finally suffering a knock down in a fight with another customer. Scomini said:

"I picked him up and he shouted: "Keep away; I'm dangerous." Then he broke away and ran toward the railway station."

PASSENGER SHIPS TO TIE UP.

Traffic Too Small to Keep Mauretania And Others Going.

New York, Oct. 22.—The sailing yesterday for Liverpool of the steamships Mauretania of the Cunard Line, and the White Star liner Olympic marked the last appearance of these ships in an American port for an indefinite period.

According to officials of the line the falling off in trans-Atlantic travel due mainly to the war, has made it advisable that the ships be laid up for a time.

The Baltic of the White Star Line, also sailed today for Liverpool. These ships carried close to 400 passengers booked in cabin accommodations.

SHOW CONTEMPT OF DEATH.

Hills of Corpses Found at Siege of Przemsyl —40,000 Fell.

Berlin, Oct. 22.—A correspondent of the Zeitung Am Mittag, who entered Przemsyl, learned the story of the siege of that place.

The first shots were fired on September 18, the city was surrounded on the 20th, and an unbroken bombardment with many desperate sorties ensued until October 2, when the Russians sent a white flag and demanded the city's surrender. This was refused.

The attack reached its height on October 5. The Russians seemed utterly contemptuous of death and stormed again and again. Hills of corpses outside of the works testify to the furious attacks they made. The Austrians estimate that 40,000 men fell and many prisoners have been taken.

The Russians succeeded in carrying temporarily one of the out lying works. Eleven battalions succeeded in approaching the works without being detected because of damage to the searchlights and stubbornly mounted the walls. The garrison retired to the casemates, from which they defended themselves with machine guns and rifles.

The Russians forced their way to the casemates and a hand to hand struggle with bayonets, gun butts and hand grenades ensued.

When reinforcements, which had been hastily telegraphed for, arrived the attacking party was already retiring, leaving 300 dead and wounded in the casemates and 150 corpses on the wall.

The Russians were still in contact with the fortress on one side and cannonading was in progress when the correspondent left.

AN UNLUCKY BRIG.

Once Abandoned, the Marie Celeste Came to a Bad End.

There are few people who have not heard of the case of the American brig Marie Celeste, which in 1872 was inexplicably abandoned in calm weather off the Azores by a crew never after heard from. Few, however, know that it ended its career many years later at the hands of the barrator.

On its last voyage it cleared from Boston for Port au Prince, Haiti, ostensibly with a cargo of valuable general merchandise, insured for $30,000. When within a few miles of its destination it went ashore near Miragoane and became a total wreck. The captain, Parker, promptly sold the cargo, sight unseen, to American Consul Mitchell for $500. Mitchell saved it at some trouble, but lived to wish he hadn't.

When the underwriters' agent arrived on the scene to investigate, he found several funny things about the cargo. One case shipped as cutlery and insured for $1,000 contained dog collars worth $50. Barrels supposed to contain expensive liquors were full of worthless dregs, a consignment of salt fish insured for $5,000 was rotten, and other articles mentioned in the bill of lading proved to be in keeping.

Consul Mitchell, not only duped, but outlawed, stood not on the order of his going, but cleared out for tall timber. The captain of the brig was tried in the United States district court in Boston, convicted and sentenced to a long term in prison, where he died three months later.—David A. Wasson in Outing Magazine.

PRIDE OF THE UGLY CLUB.

He Was the Prize Member of an Old New York Organization.

In the New York Evening Post of May 11, 1814, appeared the following notice:

UGLY CLUB.

Ugly brothers, hither fly.
With you bring the varying eye—
Bring here cock eyes and eyes askance
That cannot pass one tender glance.
Bring goggle eyes and piercers, too;
Eyes green, white, red, black and blue.
Bring with you the eagle's sight
To see your heart and keep it right.
But bring shortsighted eyes to spy
The mote that's in your brother's eye.

The members of the Ugly club are directed to attend a special meeting at Ugly hall, 4 Wall street, on Thursday evening, the 12th inst., at 7 o'clock, to take into consideration the propriety of bestowing some suitable mark of distinction on a member who lately while viewing himself in the secretary's ugly mirror was so much pleased with his own ugly phiz that he involuntarily let fall the glass, which was dashed to pieces, and exclaimed, "I shall yet be president of the club!" The astonishing fortitude of this ugly member, in the frequent and public acknowledgment of his natural deformities, deserves the highest commendation.

The members are requested to be punctual in their attendance, as the new members elected at the last meeting and six of the ugly beauties are expected to appear.

The propriety of admitting ladies into the club will be discussed.

By order of His Ugliness.

A Round Trip.

The attorney for a street railroad company in a Kentucky town was examining a skinny sixteen-year-old negro boy who had sued for injuries ostensibly incurred in a collision on the highway.

"You say," he asked, "that when this street car hit that wagon you were riding on the front seat of the wagon?"

"Dat's whut I said," answered the little darky.

"And you say the force of the blow knocked you up in the air?"

"Yas, suh—'way up in de air."

"Well, how long did you stay up there?" demanded the attorney.

"Not no longer dan it tuck me to git down!" answered the truthful complainant promptly.—Saturday Evening Post.

Rays From a Searchlight.

The paths traversed by rays from a searchlight depend on the form of curvature of the mirror. If flat, the paths of reflected rays would be the same as those of the rays received; if the arc of a circle, the rays will be reflected to one bright focus. To have a band of parallel rays leave the mirror it must be the arc of a paraboin. Then straight rays will be reflected all parallel to each other. In air the intensity of this beam of light would diminish, but in absolute vacuum would be as intense at any distance.—New York American.

The Right Word.

"Why do you speak of him as a finished artist?"

"Because he told me he was utterly discouraged and was going to quit the profession. If that doesn't show that he's finished I don't know what does."—Chicago Post.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. H. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work D. D. D. prescription must be applied **according to directions** given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

Don't Let a Cold Settle on Your Lungs

Many cases of Lung Trouble can be traced directly to a severe cold which has been neglected, and which, as a result, has affected the lungs. If you have a persistent cough or cold, take warning before it is too late. Eckman's Alterative is most beneficial in such cases and has been the means of completely restoring to health many persons who had serious lung trouble. Read of this case:—

Pleasantville, N. J.

"Gentlemen: During the winter of 1911 I contracted a severe cold, which settled on my lungs. The doctor pronounced it lung trouble. I tried nearly every preparation without any result and kept getting worse. Eckman's Alterative was recommended to me and I commenced using it as a last resort. The first bottle seemed to give no relief; in fact, I seemed to feel worse, but I kept on using the medicine and found out the first bottle had really started me on the road to recovery by loosening the mucus and making me expectorate freely. After using the medicine for some time my cough ceased, I gained flesh and today I am a well man."

(Signed) GEO. M. BATES.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence For sale by all leading druggists Price $1.00 and $2.00 a bottle.

Check the Symptoms, of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flattering nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alterative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case:—

305 W. 30th St. New York.

"Gentlemen: I am writing you this testimonial that others may know what your Alterative has done for me. Since I was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korhamer, who is a friend of mine, recovered after taking your Alterative and assisted that I try it. I am now, after two years, perfectly well, strong and healthy."

(Affidavit). MRS. ROSA VOELPEL.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years and will help you, too.

Try Cardui. Your druggist sells it.
